

Technical University of Sofia and “IVECOL CONSULT” Ltd. - value partners in interested consortia for NMBP-13-2018 & NMBP-14-2018

Prof. Dr. Ivan Ivanov

Research Projects manager at R&D Sector

*Head of Safety and Environmental & Engineering Laboratory
of Electrical Power Department*

at Technical University of Sofia

CEO of “IVECOL-CONSULT” Ltd., Bulgaria

ivec@tu-sofia.bg , i.vi@abv.bg

TU-Sofia/R&D Sector/EF-SE&EL

- ▣ TUS is the oldest (70 years) and biggest Bulgarian technical higher school with more than 14000 students.
- ▣ TUS provides Bach, Master and PhD degrees in the fields of electrical power engineering, thermal- and nuclear power engineering, computer sciences, electronic, transport, etc.
- ▣ TUS has national role for distribution of engineering knowledge, and for development of Research & Innovations in Bulgaria.

The R&D Sector is a specialized unit of TUS for administration of research.

The Safety and Environmental & Engineering Laboratory (SE&EL) at the Electrical Faculty

SE&EL

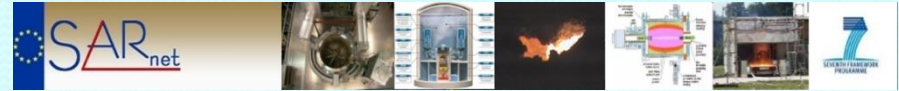

is specialized in research and projects' implementation in the fields of: **Environmental Impact Assessment (EIA); Safety, Risk Analysis and Risk Management in the fields of Energy, Renewable Energy, Transport, Innovations and new technologies applications and other.**

IVECOL Consult Ltd. is SME registered 1991 in Bulgaria specialized in GHG emission assessment; Smart Energy Systems and Smart Cities; Safety and Risk Analysis, etc.

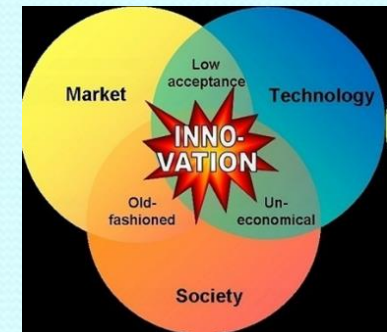

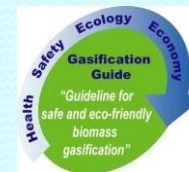

Some of our research activities, projects and further interest

With our team of Professors, PhDs and high level researchers and experts we have completed over 60 projects in the 5FP, 6FP, 7FP and other EC' Programs and in Bulgaria in the fields of energy and industrial sectors.

Prof. Dr. Ivan Ivanov has many speeches and papers in worldwide summits and conferences in different countries in Europe, Nord and South America, Asia and Africa. He is a Senior Expert of APCEO „Asia-Pacific CEO Association Worldwide”, Member of Global Science and Technology Forum (GSTF), etc.

Our interest now is a collaboration with interested partners for proposals and implementation of projects in H2020 Programme 2018-2020 in the fields of management of risks and safety, nano-, smart- and other innovative, sustainable and resilient development of energy and industrial sectors.

So, depend of the interest and for a balance in the consortia concerning the types of the partners, as Bulgarian partner in H2020' in particular NMBP-13-2018 & NMBP-14-2018, we can be involved as University TUS / SE&EL or as SME “IVECOL CONSULT” Ltd.

Default, in both cases person in charge in Bulgaria will be Prof. Dr. Ivan Ivanov.
